Box #33: Jean Durfee & Annie Childs Diaries 1920s-2000s

#09-8-29 --- in closet in room 6.

Jean Childs Durfee (1930-2008)

Jean's Diaries 1960 – 2008

Jean began keeping a diary in 1960, her thirtieth year. In 1954 she married Lawrence Durfee, and for most of their married life they lived on Road's End near the lobster pound in Boothbay Harbor.

Jean's record of her own interests and activities provides anecdotal information on the fishing industry, dietary habits, social lives, health concerns and illnesses of families living in the Boothbay Region from 1960-2008. Of special interest are Jean's notes on the price of lobster prior to 1990, the years during which her husband hauled traps for a living.

As a working woman, wife of a fisherman, and an active member of her community, Jean was well acquainted with many Boothbay Harbor, Boothbay, and Southport families. She recorded their private news in her diaries, and clipped newspaper reports of their public news, many of which may be found in the BRHS family files. Jean also recorded and clipped news of consequential state, national and international events which serve as a reminder of the larger world in which she was lived.

Annie Marr Childs (1900 – 1965)

May 22, 2015 Betty Goulette, Jean's sister, came in and asked to borrow or be given her grandmother's diaries. I did so.

Annie's Diaries 1927 – 1958

Annie was Jean's paternal grandmother. All but one of Annie's diaries spanned five years on each page which limited her daily entries to two or three lines. Annie used her diaries primarily to record weather conditions. Occasionally she noted the names of people she knew or places she had been.

Box #34: : BILLY SAWYER CHANDLERY/WRECKING COMMISSIONER

W. E. (Billy) Sawyer ran a hardware & supply store near where Tugboat Inn is now. The building is now a ????. He also had an iceworks on the east side of Southport. The pond is now the town reservoir. The icehouse which was at Pine Cliff burned in ????? Mainly his ice was sold to fishermen rather than being shipped out. He was a wrecking commissioner who acquired old vessels for the purpose of stripping them of their saleable parts for scrap. After stripping them in the Harbor near his business, he towed them to Elwell's Cove in Mill Cove where he would burn them to extract the metal. One such vessel was the *Gold Hunter*, pictured in the Fuller 1927 movie. One of Sawyer's buildings near Tugboat was dismantled and rebuilt at Barters Is. by Chet Rittall.

ACCOUNT BOOK BOXES (LIST AND INDEX TO CONTENTS)

The *Mary Weaver* sailed into Mill Cove under her own power but was leaking badly. The idea, according to Carroll Gray, was to sink her in the mud so the mud would work its way into her seams & caulk her. Whatever the plans for her had been, they didn't work. She was one which Billy Sawyer acquired & stripped. She was an attraction in the Cove and all were sorry when a WPA project had her taken apart. Elbridge Giles was in charge and he spent all one winter lugging her in pieces to his house.

The ledgers were given to Cecil Pierce for the Historical Society by Ed Baker whose uncle had bought the Sawyer place & found them there.

History of The Little Theatre Group, 1950-1963, by Judy Davidson

DOCUMENT BOXES (LIST & INDEX TO CONTENTS)

The Little Theatre Group was established in 1950 according to the Boothbay Register. The group was directed by interested local citizens who became the board of directors. A "List of Management," found in a program from the play "The Ghost Train," produced in 1951 included the following positions: Director Sherwood Keith, Assistant Director Louise Abelon, Stage Manager, Virginia Hatch, the treasurer and members helping with such tasks as scenery, lighting, tickets, publicity, prompting, ushers, etc. Each program appears to have listed the backstage company, as well as the list of characters (played by local citizens), and a short synopsis of the play.

The earliest record of the Executive Board meeting is Sept. 1952. Each season the board appointed a chairman of the Play Read committee who read scripts and chose the plays for that season, November to April. ????

The first meeting of the entire group (31 people) was held in October 1951. At group meetings, the final choice of plays for the season was made, the director and assistant director were chosen, and a rehearsal site was chosen. In the early years possible rehearsal and meeting locations included the home economics building, the Pythian Hall (Opera House), the YMCA, and the Tourist Lounge (Hbr town office).

23 plays were documented between 1951 and 1963. The last recorded minutes of the LTG were possibly the fall of 1960, at which time "Gramercy Ghost" was selected for presentation in February 1961.

Document Box #27: Philip Haselton Collection

Philip, 1925-2014, researched West Harbor history in the vicinity of his property focusing on the Wylie family deeds as well as those of abutters. Also valuation records, newspaper info, all available sources. Barbara Rumsey helped him and Files 3 forward are hers with him. Most of his work was done after 1999. Many topics extend to other files, so all should be skimmed for related material. Some Creamer material might be in Bound Family History for Creamer.

Vouchers-Town of Boothbay. Acc #06-10-118-125

These vouchers were issued by the town (signed by Selectmen) to various suppliers, workers, teachers, physicians, etc. for good sold or services rendered. The vouchers did not bear interest, and were payable by the Town Treasurer to the named Payee “or order” immediately after invoice. In essence, these vouchers appear to institute authorization by the Selectmen for the Treasurer to suppliers or providers of services.

With the exception of loose items, the vouchers are bound in separate groups which apparently reference page numbers of a corresponding Town ledger. The vouchers deal with such items as wood for schoolhouses, reimbursing the cost of paupers to those housing them, labor on highways, board of teachers, etc.

Document Box #48: BOOTHBAY HARBOR ADDRESS CHANGE, late 1990s

In conjunction with E-911 emergency phone system, most of the street addresses in the Harbor were changed. B. Rumsey got from the town a pre-E-911 1997 list, laid out by street, including map and lot numbers and names of owners. Also Rumsey got a set of tax maps at that time. In December 1999, Rumsey got a printout of town property owners laid out by map and lot, with names of owners and altered addresses. The aim was to be able to cross-reference and identify the old and new numbers for houses. #00-1-4.

Document Box #49: PAUL H. ABBOTT BUILDER COLLECTION

Closet in room 6

Acc. #00-1-2. Boxes 49-1 to 49-5

1. Title Page

Paul H. Abbott, builder. Collection dates 1938-1971. Collection number 00-1-2. Size - 5 acid-free boxes, each 16"L x 12.5" W x 10"H - Processed by Faith J. Meyer, January 12 - March 11, 2000.

2. Introduction

DOCUMENT BOXES (LIST & INDEX TO CONTENTS)

This collection of papers was given to the Boothbay Region Historical Society in January 2000 by Dorothy W. Abbott, widow of Paul H. Abbott. During an interview with her on February 18, 2000, and from Paul H. Abbott's obituary (November 8, 1990) information was obtained which contributed to the biographical note. The collection papers cover many of the years of Abbott's building business, affording views of his business and his practices.

3. Biographical Note

A native of Trevett (Bartons Island), Maine, Paul Henry Abbott was born on September 26, 1907, and died in Boothbay Harbor on November 3, 1990. He was a graduate of Boothbay Harbor High School and Bridgton Academy. Abbott was a long-time member of several committees and service organizations in the community.

Dorothy W. Abbott stated that in his 20's Abbott built with his father, Actor T. Abbott, Sr. By 1931 Paul Abbott "was well-established when they were married" in that year. Over the 45-year period of his building business Abbott and his crew constructed many houses (at least 40) and other buildings (Boothbay Harbor Public Works, for example), as well as remodeling and/or rebuilding many cottages, homes, churches, and schools in Boothbay, Boothbay Harbor, West Boothbay Harbor, and on the Isle of Springs.

One of his long-term crew members was his younger brother, Actor T. Abbott, Jr. The business was conducted from his garage, constructed alongside his house on Howard Street, Boothbay Harbor, both of which he built in 1937.

During World War II Abbott worked for Sample's shipyard and the Brunswick Naval Air Station. Those positions and WWII itself may account for "no work" reported by Abbott on his Employer's Quarterly Federal Tax Returns for 1943 and 1944.

On April 1, 1967, Abbott closed his building business.

4. Scope and content note

The collection is organized in 5 large acid-free boxes, yet not strictly chronologically. Each type of paper is not complete for the years of the business. Extrapolated from ledgers is a listing of contractees for whom Abbott worked. Selected packets of "paid bills" identified local businesses and others used by Abbott. Employer's Federal Tax Returns revealed the names of the men who worked for Abbott during some of the years of his business.

Born Boothbay Harbor Maine circa 1880 to parents James Delamere and 2nd wife Hattie E. Sproul. Both parents died June 1882, leaving Harriet an orphan at an early age.

Document Box #78: Clifford-Marino Letters

Document Box #78: Clifford-Marino Letters and Auxiliary Material

The letters in this collection were exchanged between Harold Burton Clifford and Jane "Jenny" Bennett Marino from May 1974 to April 1988. Clifford and Marino met when Marino's father was serving as the minister of the East Boothbay Methodist Church where Clifford was a member. Her Bennett father was at the church from 1925 to 1928. SEE her memories of her childhood in East Boothbay on page 14 on the church history pamphlet. Clifford was Marino's senior by twenty years or more. The majority of the letters in this collection were written by Clifford. The letters were a gift to the historical society from Marino's son, Ralph.

Harold Burton Clifford was born in Winthrop, Maine, May 21, 1893. He graduated from Winthrop High School in 1911 and from Bates College in 1916. He married Gladys Louise Mower in 1917. He was a teacher, principal, and school superintendent, serving in the latter position in the Boothbay Region from 1925 until his retirement in 1956. He earned a master's degree in history at Bates in 1941 and was awarded an honorary doctorate in Education from the University of Maine in 1956. Following the death of his first wife, he married Elizabeth Brown Blake in 1976. She died in 1986. Clifford died in 1988. He had three children, Stella, Edwin, and Flora, nine grandchildren, and six great grandchildren.

DOCUMENT BOXES (LIST & INDEX TO CONTENTS)

Clifford was highly respected as both an author and an educator. He was known for his life-long devotion to young people, for his keen wit, and for his major contribution to the world of literature. He was also noted for his historical research, updating the history of the Boothbay Region in the early 1960s.

The common threads among Clifford's letters are generally the activities and interests of his everyday living in East Boothbay, Maine, but from time to time (and more frequently in later letters when Clifford's advancing age and the failing health of his second wife increase the depth of his thinking) there are more letters in which the subject matter passes beyond the ordinary into the deeply personal. The confident Clifford becomes vulnerable, truly human, and he reveals to Marino things he doesn't share with anyone else. Marino becomes his outlet for personal and deeply private feelings. Clifford had a huge public persona, but these letters reveal the private Clifford.

The primary activities of daily life for Clifford include his family, his local church and the greater Methodist church, his flower and vegetable gardens, Rotary Club, Coastal Club, Bates College, writing (letters, textbooks, poetry, children's stories), stamp collecting, reading, music (playing the piano and conducting hymn sings), musical theater, and an occasional political reference. Clifford was an avid gardener and stamp collector. He loved music and played the piano enthusiastically for the Rotary Club and for group singing at the East Boothbay Methodist Church and the Coastal Club. Both he and Marino live busy and productive lives. Clifford's wit is evident throughout.

Family History Files at the BRHS

Family Name	Location of File

NOTE: The BRHS' genealogical files are found in five separate collections, all housed in the Society's Reference Room. The BRHS Family History files were compiled by Barbara Rumsey. A second set of Family History Files was compiled by Muriel Howard and donated to the Society. In addition, the BRHS possesses a collection of bound family histories compiled at different times by different authors. All of these indexes are consolidated in the present document, which is alphabetized by family name. Muriel Howard compiled an extensive set of alphabetized index cards containing notes on individuals and families. These are indexed only by the initial letter of the family name. They are stored in their own file cabinet in the Reference Room and must only be consulted through their digital copy. Finally, Muriel Howard compiled a list of the denizens of local cemeteries, which is the subject of a separate index.
